Fiducian Portfolio Services Limited

Notes to the financial statements

For the year ended on 30 June 2023

1 Summary of significant accounting policies

The principal accounting policies adopted for the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

This general purpose financial report has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. Fiducian Portfolio Services Limited is a for-profit entity for the purpose of preparing the financial statements.

The trustee Company acts as a conduit for fees and expenses that are payable by the superannuation fund to service providers. Income and expenses are not reflected in the financial statements of the Company.

Compliance with IFRS

The financial report of Fiducian Portfolio Services Limited also complies with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Historical cost convention

The financial report has been prepared under the historical cost convention.

Critical accounting estimates

The preparation of financial reports requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Fiducian Group Limited (the Group) accounting policies. The areas, if any, involving a higher degree of judgments or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2.

(b) Interest Income

Interest income is recognised on a time proportion basis using the effective Interest method. When a receivable is impaired, the Company reduces the carrying amount to its recoverable amount, being the estimated future cash flow discounted at the original effective interest rate of the instrument, and continues unwinding the discount as interest income. Interest income on impaired loans is recognised using the original effective Interest rate.

(c) Income tax

The income tax expense or benefit for the period is the tax payable on the current period's taxable income based on the national income tax rate for Australia adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial report.

However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Fiducian Portfolio Services Limited

Notes to the financial statements (continued)

For the year ended on 30 June 2023

1 Summary of significant accounting policies (continued)

(c) Income tax (continued)

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

Tax consolidation

The Fiducian Group Limited and its wholly owned subsidiaries have implemented the tax consolidation legislation with Fiducian Group Limited as the head entity in the tax consolidated group. As a consequence these entities are taxed as a single entity and the deferred tax assets and liabilities of these entities are set off in the consolidated financial statements. The head entity has entered into a tax sharing agreement and a tax funding agreement with the members of the tax consolidated group. Under the tax funding agreement the members of the Group are required to contribute to the head entity for their current tax liabilities. The assets and liabilities arising under the tax funding agreement are recognised as intercompany assets and liabilities at call. The Company under the tax sharing agreement may be called to provide for the income tax liabilities between the entities should the head entity default on its tax payment obligations. No amount has been recognised in respect of this component of the agreement as the outcome is considered remote.

(d) Trustee company

The Company acts as a Trustee of Fiducian Superannuation Service ("the trust") and its subfunds Fiducian Superannuation Fund, Pearl Superannuation Fund, Auxilium Superannuation Fund and AMFG Superannuation Fund. The accounting policies adopted by the Company in the preparation of the financial reports for the year ended 30 June 2023 reflect the fiduciary nature of the Company's responsibility for the assets and liabilities of the trust. The financial reports do not include the trusts' assets and liabilities as future economic benefits and obligations derived from the trusts' assets and liabilities do not accrue to the Company.

(e) Cash and cash equivalent

For the statement of cash flow presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(f) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(g) Dividends

Provision is made only for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the financial year but not distributed at balance date.

Fiducian Portfolio Services Limited

Notes to the financial statements (continued)

For the year ended on 30 June 2023

1 Summary of significant accounting policies (continued)

(h) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the Australian Taxation Office (ATO). In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to the ATO is included with other payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the ATO, are presented as operating cash flow.

(i) New Australian Accounting Standards and amendments to Australian Accounting Standards and interpretations that are either effective in the current financial year or have been early adopted

The amendments made to existing standards that were mandatorily effective or have been early adopted for the annual reporting period beginning on 1 July 2022 did not result in a material impact on this Financial Report. There were no new Australian accounting standards that were mandatorily effective or have been early adopted for the Financial Report.

(j) New Australian Accounting Standards and amendments to Australian Accounting Standards and Interpretations that are not yet effective for the financial year

As at the date of this financial report, there are a number of new and revised accounting standards published by the Australian Accounting Standards Board for which the mandatory application dates fall after the end of this current reporting year. None of these standards have been early adopted and applied in the current reporting year. These changes are not expected to have a significant financial impact, but may result in additional disclosures in the future.

2 Critical accounting estimates and assumptions

The preparation of financial reports requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. During the period of operations there were no areas involving a higher degree of judgment or complexity or areas where assumptions and estimates were significant to the financial statements.

Independent Auditor's Report

To the shareholders of Fiducian Portfolio Services Limited

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Fiducian Portfolio Services Limited (the Company).

In our opinion, the accompanying Financial Report of the Company is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Company's financial position as at 30 June 2023 and of its financial performance for the year ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Statement of financial position as at 30 June 2023;
- Statement of comprehensive income, Statement of changes in equity, and Statement of cash flows for the year then ended;
- Notes including a summary of significant accounting policies; and
- Directors Declaration.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Company in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the Directors of Fiducian Portfolio Services Limited, would be in the same

terms if given to the Directors as at the time of this Auditor's Report.

Other Information

Other Information is financial and non-financial information in Fiducian Portfolio Services Limited's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- Preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*;
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- Assessing the Company's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in

the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at:

http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our Auditor's Report.
